

## SO WHO ARE WE?

Good question. We're a dedicated team - friendly, caring, experienced and highly skilled in the field of elderly care.

We're qualified in Health and Social Care. We undergo regular training to ensure tailored support for all our clients. More than anything, we understand the principles of dignity and independence.

We love our work. For us, our clients are our friends and we cherish the relationships we build with them.

### WHAT DO WE DO?

We provide day care for people in later life.

We do this in a caring, safe environment where our clients join us for care, for friendship and for fun.

Some are physically frail. Some live with dementia.

We treat everyone with dignity and respect.

Our clients are our friends.

### RESPITE FOR YOU

Are you a carer? We'll support you too. Caring can be physically and emotionally exhausting.

Everyone needs a break – even if it's just for a day or two a week. Otherwise, how can you be at your best for your loved one?

### ACTIVITIES & ENTERTAINMENTS

Having fun is a big part of life at Affinity Day Care.

Our activities are inclusive and designed to promote physical and mental wellbeing. We give our clients the support they need to enjoy meeting new people.

### TRANSPORT & LUNCH

Mini-bus transport is all part of the service = a pick-up and drop-off service at the start and the end of each day.

Lunch and refreshments. we cater for almost every dietary requirement.
